# SUPERINTENDENT'S MESSAGE

## Yearbook 1999 Superintendent's Message

Congratulations on your achievement.

Today you can proudly proclaim that you are a high school graduate. You have earned that distinction by successfully completing thirteen years of formal schooling. You have learned much and demonstrated many skills. Savor the moment, but get ready for the future. Today is the first day of the rest of your education.

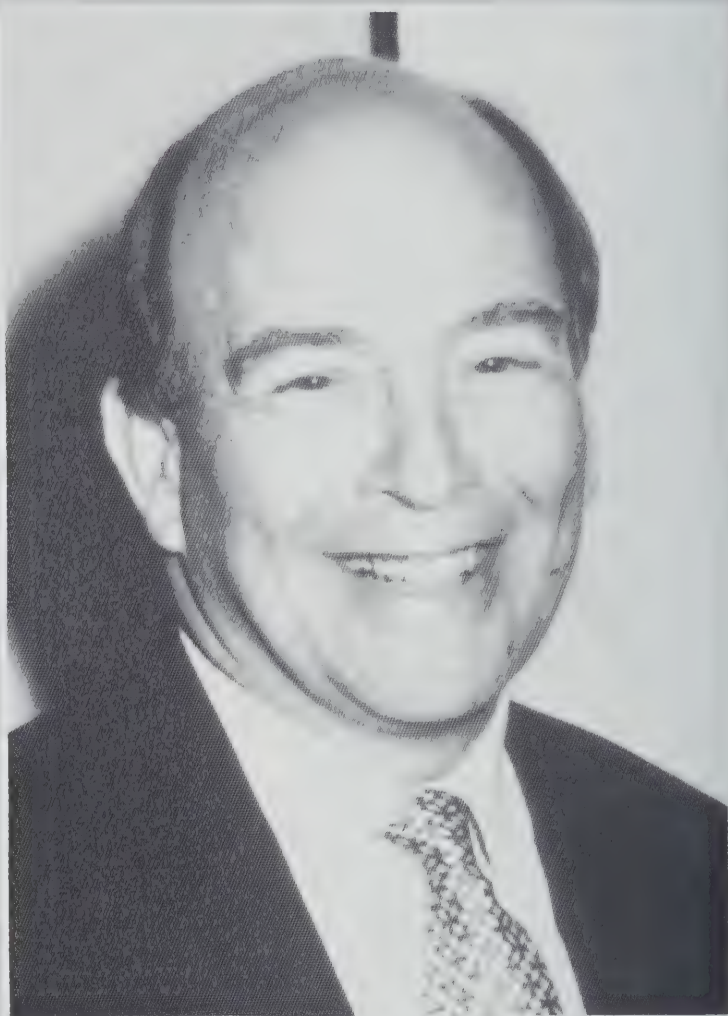

As William Shakespeare wrote, "We know what we are, but know not what we may become." You are the last class to graduate with 1900 next to your name. The new millennium approaches and predictions of all kinds are being made. "Millennium Fever" surrounds us. Plausible scenarios abound. There are good reasons to fear, good reasons to hope, and uncertainty is everywhere. In his classic work, *Alice in Wonderland*, author Lewis Carroll provides a clue, "Would you tell me please which way I ought to go from here?" asked Alice . . . That depends a good deal on where you want to get said the cat."

The future is filled with opportunity and challenge. To take full advantage of the twenty-first century you must go beyond your schooling and continue your education every day and every year of the rest of your lives.

In your lifetime it is highly likely that computers and technology will exceed human intelligence. Over thousands of years the evolutionary process has created human beings who are smart enough to create intelligent technology and bioengineer life forms. The pace of human innovation and invention is accelerating. The twenty-first century will surely be a "Brave New World". Will you be ready?

Set your internal compass; establish your goals. Recognize the value of continuing on a path of life long learning. Seize the future. Preserve your humanity. Respect your family, friends and community. Strive for a quality of life that goes beyond materialism and provides you with personal peace. Best wishes to each of you as you continue your journey.

Roy E. Belson  
Superintendent

# PRINCIPAL'S MESSAGE

**Dear Medford High School Class of 1999:**

Since this is my first year as Headmaster of Medford High School, it is with a sense of honor that I write this letter to you. Your yearbook - so closely associated with a joyful time of transition - will be the most permanent item in your personal library and the one book that you will show to you spouse, your children and your grandchildren in the decades to come.

Glancing back at this yearbook throughout the seasons of your life, you will be reminded of the many people in the school community who impacted your lives and affected your perspectives and attitudes much more than you thought possible at the time.

You will reminisce about classmates, who helped you define yourself at one point in your life and who taught you the meaning of loyalty, honesty and friendship. You will re-

member your teachers who devoted their lives to helping you become mature, responsible, thoughtful adults. And you will remember the many others - counselors, coaches, secretaries, advisers, and administrators - who helped to mold you into the person you will have become.

As you continue to stroll, jog or jet down the path of life, please remember that your future belongs to you. Accept the challenge to make the journey meaningful, worthwhile and enjoyable.

**Paul H. Krueger, Ed.D.**

### Director Of Vocational School

#### 1999 YEARBOOK MESSAGE

#### MR. LAWRENCE R. VOLPE, DIRECTOR

The Class of 1999 is to be congratulated on the attainment of the personal goal of graduation from high school. Your hard work, commitment to task, school spirit, and social awareness will stand you in good stead in all your future endeavors. High school years are unique and special and will leave you with a lifetime of memories as you look back on "The good times." Even as we deal with difficult issues such as AIDS, domestic violence, and world unrest, we must always keep a sense of humor and a positive perspective on life in order to remain on an even keel as an individual and as a society. Our memories of high school usually evoke thoughts of a time when life was less complicated, laughing was easier, and friends were numerous.

Life, after graduation, and entering a new millennium, will bring several challenges. Be comforted by the fact that your hard work which has allowed you to receive your diploma will provide you with the necessary tools to meet these challenges. When you don't have the answer to a particular problem, you will have the thinking skills to research solutions or the wisdom to know when you need to ask for assistance. Your educational experience in the Medford Public Schools will be "The Wind Beneath Your Wings." Set your goals high, plan your strategy for attainment, give it your best effort, and success and happiness will surely find you. You are bright and talented young men and women who have what it takes to have a successful life and the ability to make a difference in society. Medford High School is a better place today because of the Class of 1999, and let that be your legacy to the future.

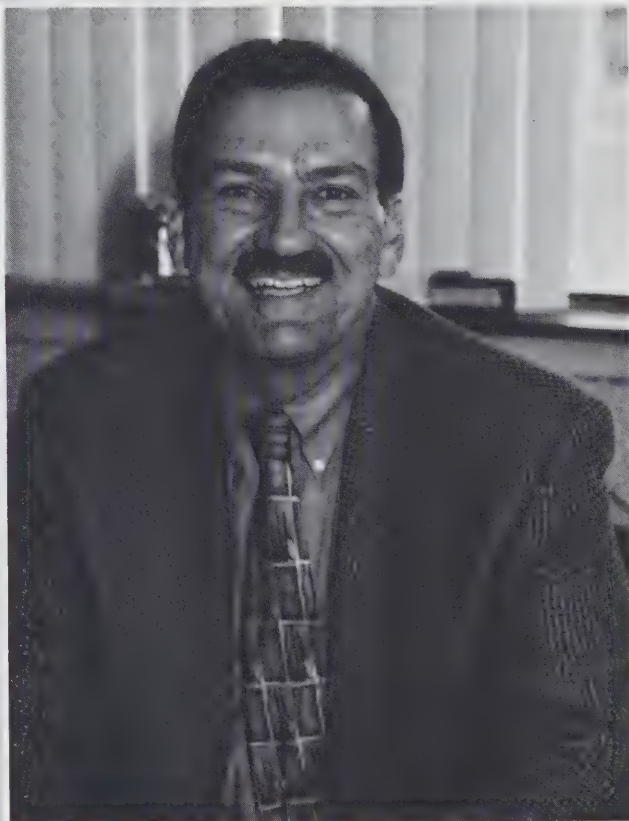

In closing, I wish to express my best wishes to every graduate and my sincere hope for your success in all aspects of your life. I would be remiss if I did not also praise the efforts of your parents and guardians for their role in your successful completion of high school. I would like to leave you with this thought from Walter Cronkite: "I can't imagine a person becoming a success who doesn't give the game of like everything he's got."
